Screenshots-

The screenshot displays a web application with a green header and a yellow background. The header contains two tabs: "Form" and "Table". The "Form" section is on the left, and the "Table" section is on the right. The form contains several input fields for user information, including name, father's name, mother's name, email, number, address, date of birth, gender, and blood group. The table displays a list of users with columns for S No., Name, Phone No., Gender, City, and Hobbies.

S No.	Name	Phone No.	Gender	City	Hobbies
1	Divyansh Garg	707859xxxx	Male	Agra	Singing
2	Aryan Saxena	632235xxxx	Male	Agra	Swimming
3	Diya Gupta	638888xxxx	Male	Jalaun	Dancing

This screenshot shows the "Form" section of the web application. It contains input fields for user information, including name, father's name, mother's name, email, number, address, date of birth, gender, and blood group. There are also checkboxes for hobbies (Dancing, Swimming, Travelling, Coding) and a section for uploading a photo with "Choose File" and "No ...sen" buttons. At the bottom, there are "Submit" and "Reset" buttons.
